

WHAT IS LIFE & SAFETY?

LIFE AND SAFETY CONSULTANTS, INC. has been

operating out of Greenville, SC since 1997 under the fearless leadership of President Don Snizaski. Once an OSHA Compliance Officer, Don has lead the field in providing companies in the Upstate and beyond with expert environmental, health, and safety

regulatory compliance, risk management, and comprehensive safety management systems.

Our network of qualified experts provides unrivaled knowledge of construction, municipality, and industrial

compliance in *OSHA, EPA, DOT, DHEC, VPP, SHARPS, ISO DO 14001, ISO 9001, OHSAS 18001, Arc Flash,*

and much more. From the small, family-owned business to the large scale international corporation,

Life and Safety offers a broad range of scalable solutions to the client to suit their every need. Whether it's

mentoring a client on ISO 14001, OHSAS 18001, VPP, or SHARPS (just to name a few), Life and Safety has

been able to successfully integrate Environmental, Health, and Safety Program excellence into the corporate

culture of these great companies:
